

Everyday and Extended Wear

Latex* Male External Catheters

Everyday and **Extended Wear** external catheters are designed for men seeking *confidence and comfort*. They're the only latex external catheters supported by Hollister educational materials and services – to help you choose the right product with the right fit.

Everyday and Extended Wear

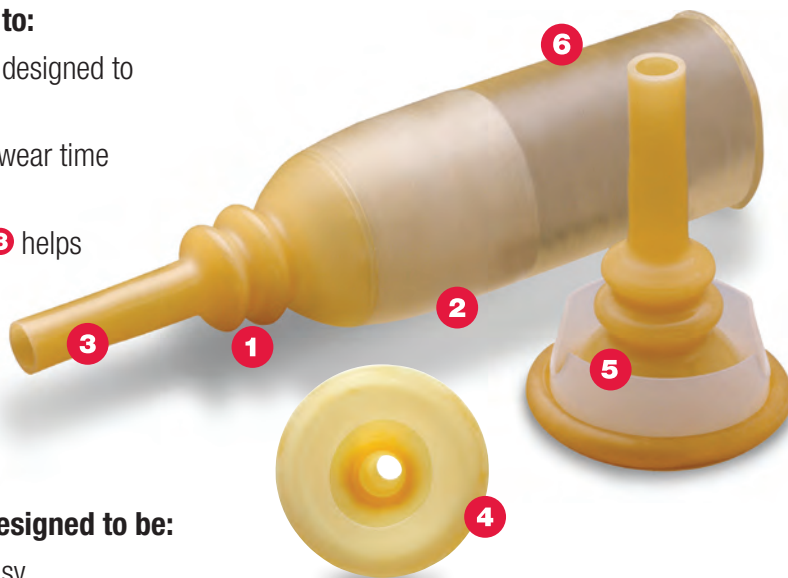

Latex* Male External Catheters

Everyday and Extended Wear external catheters are part of a complete bladder management system from Hollister – catheters, leg bags, tubing, and straps.

Confidence

Trust Everyday and Extended Wear external catheters to:

- Help drain urine freely – *Double-row convolutions* ① are designed to resist kinking and twisting
- Stay in place – *Skin friendly adhesive* ② helps maximize wear time and helps prevent accidental detachment
- Fit most leg and night drainage bags – *The tapered tip* ③ helps ensure a secure connection
- Help protect skin – *The inner flap* ④ of the Extended Wear external catheter helps prevent urine backflow which can irritate skin

Comfort

Everyday and Extended Wear external catheters are designed to be:

- Easy to apply – *The application collar* ⑤ helps make it easy to place the catheter over the glans
- Easy to wear – *Non-irritating latex* ⑥ is soft and comfortable, and can be crimped for a custom fit
- Easy to remove – *Gentle adhesive* keeps the catheter in place yet allows for easy removal

Support

Everyday and Extended Wear external catheters are supported by:

- “How to” videos
- Educational materials – including care tips and sizing guides
- Over-the-phone clinician support

Available from your Hollister representative to help ensure that you use the right external catheter and take full advantage of its features.
