**Advice and inspiration
to help you do more**

Pre-surgery support

Support when you return home

Support for life

Are you about to have ostomy surgery? When you enroll in Coloplast® Care, you will receive the information you need to prepare for your surgery and for life with an ostomy.

By enrolling in Coloplast® Care before your surgery you will have access to the following:

American College of Surgeons Home Skills Kit

- Surgery preparation checklist
- What to expect after your surgery
- Introduction to pouching systems
- Maintaining healthy skin
- Relating to friends and family

Sign up online for pre-surgery articles at coloplast.us/care

When you go through your ostomy surgery, Coloplast® Care will be there to help you when you return home. You will receive the following benefits as a member of our Care program:

Personal support from a dedicated advisor, guiding you through using an ostomy pouch and helping you find a product supplier.

Ostomy tools in a discreet travel bag

Living Well booklet with twelve months of education specific to your type of ostomy.

Free product samples, including the innovative new SenSura® Mio pouching system and accessories like the Elastic Barrier Strips

Whether you just had ostomy surgery or you've been living with an ostomy for years, we are committed to providing the support that matches where you are in your journey. Through inspiring content, useful tools and lifestyle-related tips and tricks, Coloplast® Care is designed to meet your evolving needs.

Online support with the information you want, when you want it. The Coloplast® Care program offers customized articles that are tailor-made to match your unique lifestyle. You are in control of what you want to learn about, including:

- Avoiding leakage
- Advice about travel
- Exercising with an ostomy
- Intimacy and socializing, and much more
